**Re: B-417781.3
Protest of W&W Protection, LLC
Notice of Agency Voluntary Corrective Action**

Dear Ms. Dourney:

Please be advised that the Agency will be taking prompt voluntary corrective action relating to this procurement. The corrective action will include, at a minimum, the following:

1. the Agency will enter into exchanges (discussions) with the vendors in accordance with FAR Subpart 8.4;
2. the Agency will request and evaluate revised quotes; and
2. at the conclusion of the evaluation, the Agency will make a new award determination either confirming the previous award or making a new award.

Based on the above, we request GAO dismiss the protest as moot. If there are any questions or concerns, please contact me to discuss.

Respectfully submitted,

A handwritten signature in cursive script that reads "Anthony E. Marrone".
